Supply List

Geometric Pillow

Instructor: Susan Madu

6 Hour Workshop (2 hour and 4 hour sessions on consecutive days/weeks):

- It all starts with a ½ square triangle – participants will build on a simple HST technique to construct the offset square block. Fabric and color choices will make the block pop. Avoid those pins in piecing an accurate curved seam for a drunkard's patch block. Tackle accurate finished 1" x 2" flying geese units without hesitation.
- Add a flanged zipper for a professional touch for your pillow.
- Finish it up with a combination of domestic machine quilting and Big Stitch hand quilting. Participants will learn how simple straight stitch quilting echoing the blocks will add wow to the pieced blocks
- Required:
 - Geometric Pillow pattern
 - Fabric, interfacing, batting and zipper to complete the pillow (see pattern)
 - Studio 180 tools - Tucker Trimmer, Magic wand, and Wing Clipper.
 - Disappearing fabric marker, fabric glue stick and freezer paper – 2 sheets 8 ½" x 11", and cotton hand stitching thread such as Aurifil 12 wt. or Wonderfil Eleganza.
 - Strongly Recommended: Acorn Seam Align Glue and Easy Press Pen.
 - Sewing machine (in working order and manual), sewing kit, cutting mat, rotary cutter and ruler (12 ½" square or 6" x 24")
