Supply List

Let's Bind It

Instructor: Melissa Marginet

Did you ever want to make your bindings special? Maybe you don't want to fuss with the usual binding and want something easier. In this class we will go over several different binding options from simple to sublime. You will be making samples of each so you understand them. You can then take these samples home as a reference and try them out on your future projects.

TECHNIQUES USED: Various binding techniques

SUPPLIED BY TEACHER: Oodles of information
