

# Never the Same Quilt Twice

By Melissa Marginet

You will have fun learning the techniques to make this simple yet striking medallion quilt. The beauty of this pattern is that there are so many combinations that everyone will go home with a different quilt. Once you have the pattern and techniques you can whip up more of them on your own. They make a great charity quilt or gift. Your quilt will be 53" square but borders can be added to make it larger if desired (extra fabric required). All Levels.

You will need 4 metres of fabric in total:

	Example 1	Example 2	Example 3	Example 4	Example 5 Go scrappy
<b>2 metres background fabric</b>	Light grey	Black	Multicolour print	Light blue	Grey print
<b>1 metre of first foreground fabric</b>	Purple	Turquoise	Any colour pulled from the print	Medium blue	16 10" squares of various fabrics
<b>1 metre of second foreground fabric</b>	Teal	Yellow	Any other colour from the print	Dark blue	

These are just examples of what will work. The main thing to remember is that there should be sufficient contrast between your background fabric and your foreground fabrics.

**Precut before class:** 16 10" squares from your background fabric and 8 10" squares from each of the foreground fabrics. Bring all of your extra fabric with you to class. If you are doing Example 5 you will also need some extra fabric so bring along some decent sized pieces as well (10" or larger).

**You will also need:**

- Sewing machine in good working order with 1/4" foot
- Basic sewing supplies
- Rotary cutter and mat
- Ruler, 18" or larger
- (If you have you can also bring a 9 1/2" or larger square)
- Marking pencil
- Matching thread
- Design wall (fleece back table cloth or piece of batting)
